📍 **Home:** Wahdat Road, Muslim Town, Lahore, 54000, Pakistan

ABOUT ME

I'm a dedicated **Frontend Web Developer** with hands-on experience in **HTML**, **CSS**, **Bootstrap**, **Tailwind CSS**, and **JavaScript**. I'm also skilled in **customizing WordPress** websites using page builders like **Elementor** and plugins. Currently learning **React** and preparing to master the full **MERN stack**, I focus on building **responsive, clean, and user-friendly web interfaces**. I'm passionate about learning new technologies, solving real-world problems, and want to work with professional teams to gain industry experience. I'm eager to collaborate with professionals, take on new challenges, and grow into a skilled full-stack developer.

WORK EXPERIENCE

Frontend Developer

Self-made Local Projects [08/12/2024 – Current]

City: Lahore | **Country:** Pakistan

- Delivered **6+ responsive landing pages**, improving mobile usability and loading speed by optimizing **HTML5/CSS3.**
- Built **interactive and reusable UI components** with **React.js** and styled them efficiently using **Tailwind CSS.**
- Converted design mockups and prototypes from **Figma** and other sources into clean, functional web pages.
- Created and customized **WordPress websites** using **Elementor** and various plugins to meet project requirements.
- Ensured cross-browser compatibility and optimized mobile responsiveness for all projects.
- Managed code versioning using **Git** and **Github**, and handled deployment with **Vercel.**
